I understand that upon receipt of this information, the aquatics director will attempt to match my requests with an available swim instructor. This process may take some time in order to align the above request with the pool schedule and instructors availability. I understand that not all requests may be fulfilled due to these circumstances. Once the dates, days and times are set for the above requested lessons, I understand that I must complete a private/semi-private registration form and submit payment for each swimmer before the first class. All swimmers in the lesson must have paid in full before they may participate in class. Once lessons have begun, scheduling or changing lesson days/dates must be done between the parent/guardian and the instructor. I also understand that I have 2 months from my first lesson to complete my bank of 5 lessons.
